HOW IS THE ASIAN GAMING POWER 50 JUDGED?

The Asian Gaming Power 50 list is judged by an esteemed panel of hand-selected judges with decades of industry experience:

Andrew W Scott	Vice Chairman and CEO	Inside Asian Gaming (Panel Chairman)
Ben Blaschke	Managing Editor	Inside Asian Gaming
Grant Bowie	Member of the Advisory Board	Institute for the Study of Commercial Gaming at the University of Macau
David Green	Chairman	Newpage Consulting
Desmond Lam	Professor in IR and Tourism Management	University of Macau
Melina Leong	Managing Director	Yeewood Consultancy Limited
Rui Pinto Proença	Managing Partner	MdME Lawyers
Michael Zhu	SVP, International Operations, Planning and Analysis	The Innovation Group

The judges examine each gaming business in the Asian gaming industry and assign one point for each US\$1 million in GGR. Those points are then allocated between the organisation's key one, two or more key executives. Scores are then adjusted up or down for a multitude of positive and negative factors. The final stage of the judging process involves examining the list for reasonableness and looking at key head to head match ups and making appropriate minor adjustments.

The judging process is arduously long and intense, and usually takes some 60 person hours over the period July to October. Typically emails totalling some 15,000 words are written between the judges during the process.
