# ABOUT THE 19TH ASIAN GAMING POWER 50 BLACK TIE GALA DINNER

- Celebrate the announcement of the annual IAG Power 50 list
- Gather industry influencers to connect, exchange and network
- Glamorous black tie evening with fine food and quality entertainment
- Held in Macau on the first Friday in November
- The Asian Gaming Power 50 list has been announced annually since 2008

# A TIME TO SHINE

More than just a celebration of the individuals shaping Asian gaming, the Asian Gaming Power 50 Black Tie Gala Dinner has become a unique annual meeting point for the people driving the sector forward – recognizing leadership, influence, innovation and those best navigating a rapidly changing industry. This year's theme, "A Time to Shine," feels particularly fitting: across Asia, gaming markets are entering an important new chapter, with established destinations reinventing themselves, emerging markets gaining momentum and operators, regulators and suppliers finding new opportunities for growth. Against that backdrop, the Power 50 provides a moment to recognize those who have not only made an impact, but who are helping to define what comes next for Asian gaming.

# HOW IS THE ASIAN GAMING POWER 50 JUDGED?

The Asian Gaming Power 50 list is judged by an esteemed panel of hand-selected judges with decades of industry experience:

| | | |
|---|---|---|
| **Andrew W Scott** | Chief Executive Officer<br>Vice Chairman and CEO | Complete Media Group<br>Inside Asian Gaming<br>(Panel Chairman) |
| **Ben Blaschke** | Managing Editor | Inside Asian Gaming |
| **David Green** | Gaming and governance consultant | |
| **Davis Fong** | Director of the Institute for the Study of Commercial Gaming | University of Macau |
| **Desmond Lam** | Professor in Integrated Resort and Tourism Management, Faculty of Business Administration | University of Macau |
| **Scott Messinger** | Chief of Staff | Inside Asian Gaming |
| **Ronald G. Pineda** | Director | Thenix Solutions Ltd. |
| **Rui Proença** | Partner, Head of Gaming | MdME |

The judges examine each gaming business in the Asian gaming industry and assign points based on GGR and EBITDA. Those points are then allocated between the organization's key one, two or more key executives. Scores are then adjusted up or down for a multitude of positive and negative factors. The final stage of the judging process involves examining the list for reasonableness and looking at key head to head match ups and making appropriate minor adjustments.
